All Manchester Schools are invited to send and support a Fifth Grade Jr. Muster Team.

A team of five up to fifteen fifth grade students will compete in three events. Awards will be presented for individual events (for those actually participating) and for the top three combined times.

Seventeen schools are registered with the Manchester Fire Prevention Bureau for this event. Participating schools are encouraged to bring along a cheering section as all family and friends are invited to show their support for their school. A drawing will be held at the end of the competition for a school ice cream party on Monday, June 9, 2003.

A Firefighter of Local 856 will coach/coordinator the events with the team members.

**Let's make this the best Junior Fire Muster yet.**

## **This year's events are as follows:**

**Dry Hose race:** teams must connect hose to hydrant, two lengths together, with a nozzle on the end – line to be stretched tightly – time stops  
When last team member crosses the line.

**Midnight Alarm:** teams have turnout gear at beginning, upon alarm signal  
The first team member gets dressed, goes around cones, crosses line, gets undressed, the second team member then repeats process, time stops when last team member crosses the line.  
Suspenders must be over shoulders, coat needs to be only closed by Velcro strip, helmet must stay on during run.

**Bucket Brigade Relay:** teams begin with a full bucket of water, upon signal to go, the first team member begins to go through the obstacles, around far cone back to team. Hands bucket to the next team member who repeats the process until last member has crossed the line – time stops. Score is based on time plus water left.

Event winners are based upon the scoring procedure for each event. The overall champion will be determined by the lowest total accumulated time not necessarily placement in each event.

**Sneakers MUST be worn for all events!**
